

COM 701 – Fall 2021 - Mock assignment and presentation

Dear students,

The COM701 presentation will be held in **Class Lecture room 2 and 3 Ground Floor (in front of Library)**. Your team is listed on the second page. Please be aware of the following:

- Check the information and the room you will be presenting in.
- All team members must be in the room before 10 minutes of the start time to set up their presentation.
- You are expected for 10 minutes followed by 5 minutes Q&A. Please adhere to the presentation time.
- An IT person will be there to help just in case.
- You can bring your laptop. Also each room has a laptop.
- Dr. Rao and I will be going between presentations (class room 2&3), so we expect you to start and finish sharp on time.

Note for presenters:

We are expecting every team member to present. You can split the presentation between the team members in any way you see appropriate as long as you smoothly go through the presentation. Team members do not need to only present parts that they did. Ensure there is some time for questions.

It will be good to have a slide which mentions each team member and what he or she did in the project.

Marking the presentation

- 35 grades for the presentation (20 grades for the group overall and 15 for each individual)
- Dr. Rao and I will give a score for each student and the mean score will be eventually given
- The presentation will be judged on
 - The presentation overall
 - The contribution for each student
 - Each student presentation skills
 - The contents of the presentation
 - The clarity of presentation

Schedule on next page:

Schedule for the final presentation. Class room 2 (R2) and R3.
